SCHOOLHOUSE MEETINGS.

Governor Wilson suggests that school houses should be used more generally for neighborhood meetings, and that every opportunity possible should be afforded for the discussion and consideration of public questions.

Ringsters dread any movement which gets the voters together and gives them an opportunity for the informal discussion of public questions. The average machine politician shudders when he hears that a mass meeting has been called to protest against some step he has taken.

Every district schoolhouse should be the scene of frequent neighborhood meetings. Every locality has its own particular problems. And these are not necessarily political problems. Good roads, longer school terms, cleaner highways, better school buildings, stricter enforcement of fish and game laws and scores of other subjects in no way related to party politics merit serious consideration.

Concentrated action by the determined and forceful members of any community is bound to bring good results, but preliminary discussion is necessary for a full understanding of any problem. There has been too much disposition on the part of both farmers and townsmen to live aloof from each other and not meet on common ground. This is unfortunate. Every citizen in a community has many problems which are common to the entire community. In every community there are leaders who are capable of throwing much light upon state and national questions not clear to scores of their neighbors. A general interchange of ideas is helpful and wholesome, and should be encouraged in every neighborhood. —Tennessean and American.

THIRD TERM PARTY

Mr. Roosevelt is strong on criticism and short on construction. He can write a good indictment against President Taft, but he has not proposed a satisfactory remedy for the trusts. He knows that the country has aches and pains, but the medicine which he proposes is worse than the disease. He would have the country jump from the trust frying pan into the socialist fire. He cannot draw democrats, and must ultimately lose progressive republicans, when they understand the three links in the chain which he is forging.

First—Accept the trust as a permanent institution and thus encourage the consolidation of all business into great monopolies.

Second—Withdraw from the states all power to restrain private monopolies and then trust to a bureau at Washington to regulate these monopolies.

Third—Remove all limitations as to number of presidential terms and leave the president to use the bureau which he appoints to coerce the monopolies which the bureau controls, and through the monopolies, the employees and the business public into continuous re-nominations and re-elections and thus convert the chief executive into a president for life.

This is the most audacious at-

tempt that the country has yet seen to set up a one-man government and maintain it by the influence which the executive can bring to bear through a bureau.—Commoner.

POLITICAL POINTS

Some humorist has suggested that President Taft will be prosecuted for repeating if he gets two votes.

All roads leads to Seagirt, Woodrow Wilson's summer home, but one, and it leads from Seagirt to the White House.

When Roosevelt gets the negro woman suffranchised the republican candidates will have two votes from the same home pulling him "for dough" instead of one.

Mr. Roosevelt "sees" big bosses everywhere except in his own "little select company," but has a hard time trying to convince himself that Mr. Wilson owes the bosses any favors.

In a speech recently delivered in the United States senate Senator La Follette stated there were only 149 trusts and combinations in this country when Roosevelt became president, and they represented a capital of \$300,000,000. When he turned the office over to Mr. Taft there were 10,020 with a capital of \$10,000,000,000 and fully 70 per cent of it was watered stock. These facts clearly demonstrate Roosevelt's ability to manage trusts, but has he done so in the interest of the common people?

The idea that this country, after spending a half billion dollars in building the Panama Canal, is not to have any advantage of other nations in its operation is not very popular, especially when such a course depends upon a strained construction of a slightly ambiguous treaty clause. Dismissing the contention rather cavalierly, the Courier-Journal says: "There's a good deal of talk about what national honor demands in regard to our treatment of American and foreign ships in the matter of Panama Canal tolls. National honor is a fine thing to talk about, but as a rule nations are governed by their possessions of aces and razors or their lack of them."—Nashville Democrat.

COMMITTEE MEETING

Delegated Meeting Called to Name Senatorial Candidate

The senatorial committee of the Twenty-fourth senatorial district, composed of the counties of Carroll and Henry, met in Huntingdon at 1 p. m., Tuesday, September 3, 1912, with the following members present: Dr. W. M. Wright and Martin Hurdle, of Carroll county; C. A. Hunter holding the proxy of Dr. E. A. Travis, and H. G. Brooks, of Henry county. Dr. W. M. Wright, of Carroll, was elected chairman, and C. A. On motion it is the consensus of the committee that it is Carroll county's time to furnish the candidate for senator to represent this district, motion carried, three ayes and two nays.

A mass convention was ordered to be held at Paris and Huntingdon on Monday, September 30, 1912, at 1 p. m., for the purpose of selecting delegates to a delegated convention to be held at McKenzie, October 7, 1912, at 1 p. m. And on motion the Hotelier committee for the Twenty-second electoral district was requested to act accordingly as to dates for their conventions. SCHOOL RALLY

Trezevant People Have Gala Day Tuesday

The citizens of Trezevant had a big educational rally last Tuesday. It was a gala day, and one long to be remembered by the large crowd that attended and enjoyed the feast so copiously spread. The exercises consisted of educational speeches, band music, barbecue and picnic dinner, and the meeting and greeting of friends.

Speeches were made by E. H. Harrell and W. J. Forbess, of the McMoresville Collegiate Institute; D. T. Barnhill, superintendent of public instruction; Elmer T. Sparks, candidate for the legislature; S. A. Mynders, president of the Memphis State Normal, and J. A. Robins, principal of McTyre school. The speeches were along educational lines and not only practical, but very instructive and interesting.

The occasion for this rally was the opening of the Trezevant school and the dedication of their new building. The day was a success in every particular, the program being well planned and splendidly executed. The school opened with fine prospects. They have an able corps of teachers and the patrons are heartily in accord with the work being done and fine results are expected.

The McMoresville Cornet Band furnished music, which was an interesting feature of the day. The dinner was splendidly prepared and well served. It consisted of some fine barbecue and everything else necessary to make it a success, and to receive the praise of everyone who partook of it. Trezevant people know how to do things of this kind.

Mother of 18 Children

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Stomach and Liver Tablets and am now a well woman and weigh 165 pounds. I can eat anything I want to and as much as I want and feel better than I have at any time in ten years. I refer to anyone in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

PROTRACTED MEETING

To Begin at Baptist Church Sunday Night

A protracted meeting will begin at the Baptist church in Huntingdon next Sunday night. The meeting will be conducted by the pastor, Rev. B. T. Huey, assisted by Rev. S. B. Ogle, of Franklin, Ky. The opening service will be Sunday night, as it was not convenient for either of the preachers to reach Huntingdon in time for the morning hour. The song service will begin at 7:30 o'clock.

The interior of the Baptist church has undergone quite a lot of improvement this summer. Splendid pews have been installed, a new carpet put down and some painting done. A new piano has been placed in the church for the meeting. Everybody is invited to attend the services and take part in the meeting.

Many Driven From Home

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by Patrick Drug Co.

Diarrhoea Quickly Cured

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

Memory of T. J. Walker

Again we are forcibly reminded of a solemn fact or truth, to the full import of which we seem callous and diffident, until a sorrowful dispensation summons us to the bar of reflection and introspection. "Man that is born of woman is of few days and full of trouble. He cometh forth as a flower and is cut down and passeth away, as wave meets wave upon the troubled ocean and parts upon the shore."

On July 17, 1912, just as the curtains of night had been rolled back, and the sun had risen, reflecting its rays of light and brilliancy, which is the glory and beauty of the day, the ruthless destroyer of friends and loved ones, touched with his icy fingers, our beloved brother, Thomas Jefferson Walker, and his immortal soul crossed the great divide that separates time and eternity.

Brother Walker was born November 31, 1834, in the state of North Carolina, but came to this county at an early age, and was reared in and around Trezevant, Tenn., where he spent most all his days.

Brother Walker was a true christian as well as a true Mason. He was a devoted husband, a loving father and an obliging friend, ever ready to do a charitable act, and he lived such a life that he could approach the end in peace, and assure his family that all was well with him, requesting that they all live in the trusting faith of an ever living God, so that they might be an unbroken family in the sweet beyond. Therefore be it

Resolved, first, that we as a Brotherhood, extend to the sorrowing family our tenderest sympathy in this dark hour of bereavement, and assure them that we shall remember our obligation to them as the family of our deceased brother.

Second, that we will strive to emulate the many good deeds of his christian and Masonic life, and around his foibles, whatever they may be, cast the broad mantle of Masonic charity.

Third, that these resolutions be spread on the minutes of our Order, and that copies be sent to the family and the county papers.
